

The  
all-new  
Eve

# Eve™

---

## Iconic design and state-of-the-art charging technology

The Eve is Alfen's smart charging solution with two sockets and is optimally suited for private and semi public locations. In 2017, Alfen has redesigned the Eve from the ground up taking into account the latest in charging technology and needs of EV drivers. With its large display and improved user interface, and a new high-tech and ultimately reliable hardware platform and several features allowing for easy configuration and operation.

# Eve™

Full colour 7" LED Display

RFID card reader

Type 2 socket

Solid, durable housing

Optional steel mounting pole

## The charging station

### Built in protection

The Eve is equipped with two RCDs as well as 6mA DC detection. This built-in protection allows for a more cost-efficient installation.

### Easy configuration

An externally accessible Ethernet Port makes it easy to connect the Eve to a PC and configure the charge point with the user friendly Installer.

### Smart Charging

With its redesigned soft and hardware, the Eve supports various features such as smart charging networks, load balancing and OCPP 1.6.

## Specifications

<b>Charging capacity per outlet</b>	3.7kW (16A, 230V), 7.4kW (32A, 230V), 11kW (16A, 400V), 22kW (32A, 400V)	<b>Authorisation</b>	Plug & Charge, RFID
<b>Outlet</b>	Dual type 2 socket	<b>Colour</b>	Front RAL9016 (Traffic white) Rear RAL7043 (Traffic grey)
<b>Input</b>	Single or dual feeder cable	<b>Energy (kWh) meter</b>	MID approved, suited for payments
<b>Norms and guidelines</b>	IEC 61851-1 / -22 (2017)	<b>Dimensions (LxWxD)</b>	590 x 338 x 230mm
